

Parent – Child Contract Safety on the Internet

This information is here to help you stay safe when you are using the internet, sending emails or using chat rooms (or messenger programs)

Name: _____

I will only use my first name to say who I am (A nickname would be even safer!)

I will never give out personal information about myself or my friends. Information that is unsafe to give to people is:

Surname

Address

Postcode

Telephone numbers (Home or mobile)

School name

School address.

Parents work address or telephone numbers.

Pictures of myself

I will talk to my parents about the sites I have visited.

I will tell my parents right away if I come across any information that makes me feel uncomfortable.

I will never agree to meet with someone that I only know from the internet.

I will not respond to any messages that are mean or make me feel bad. It is not my fault if I get a message like that and if I do, I will tell my parents right away so that they can contact the online services.

I will set up rules for going online with my parents. The rules will let me know the time of day I can go online, and safe websites for me to visit.
